

CHRISTOPHER LANZAS

Frontend Developer

+17192050107 @ chrislanzas89@gmail.com <https://www.linkedin.com/in/christopher-lanzas-12a325174>
<https://github.com/Chrislanzas16> Miami, FL

SUMMARY

Frontend Developer skilled in React, Next.js, TypeScript, and Tailwind, with real experience building fast, clean, and user-focused web applications. Strong at problem-solving, API integration, and turning designs into polished, production-ready features. Quick learner with a solid understanding of core engineering concepts and a proven ability to ship high-quality work.

EXPERIENCE

Frontend Engineer

Skinstric AI

09/2024 - 05/2025 Remote

- Architected real-time skin analysis platform using OpenAI Vision API and Next.js, achieving 98% detection accuracy across diverse skin conditions
- Developed responsive UI with Tailwind CSS and GSAP animations, implementing dynamic skincare recommendation cards with 60% improved engagement
- Optimized performance using Next.js Server Components and Lottie animations, achieving sub-2-second analysis time for skin condition detection
- Built custom animation system using GSAP timeline for seamless user experience during skin analysis processing, increasing user retention by 40%
- Designed modular component library with Tailwind CSS for skincare product displays, enabling rapid A/B testing of recommendation layouts

Frontend Simplified

Frontend Developer and Support Staff

01/2024 - 08/2024 Remote

- Selected as peer mentor after achieving top 5% performance in cohort, providing debugging support and code reviews for 20+ students across React and Next.js projects
- Created and led workshops on modern frontend optimization techniques, helping students improve their portfolio project load times by an average of 50%
- Initiated weekly pair programming sessions focused on accessibility and SEO best practices, leading to 90% of mentored students achieving WCAG compliance in their projects

EDUCATION

Frontend Development

FES Institute

2024 - 2025 Remote

- [Certificate](#)
- Completed a full frontend engineering curriculum focused on React, Next.js, TypeScript, JavaScript, Tailwind CSS
- UI/UX principles, and modern development workflows
- Built production-grade projects and completed a practical internship using real-world engineering practices

SKILLS

React

Next.js

TypeScript

JavaScript

HTML

CSS

Tailwind

Redux

Git

Google Firebase

Netlify

Figma

Jest

Stripe

Visual Studio Code

GitHub

Vite

GSAP

Vercel

PROJECTS

Search API Project

Remote

<https://react-final-project-eosin-beta.vercel.app>

Designed a fully functional search platform for movies

- Engineered & integrated a movie search API with a fully responsive design, loading states, and dynamic routing to support both global search and detailed movie pages.

Virtual Internship Project

Remote

<https://virtual-internship-v2-zeta.vercel.app>

Built a full-stack web application using Stripe and Firebase.

- Built a production-grade frontend for a real-world internship using Next.js, TypeScript, Tailwind CSS, and API integration.
- Implemented Redux-powered UI components, responsive layouts, and performance-optimized rendering for a seamless user experience.
